

# Alresford and District Neighbourhood Watch Association

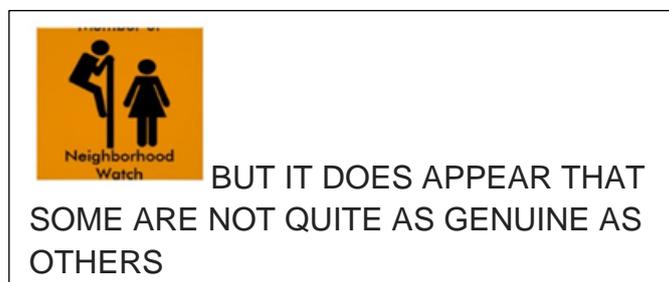

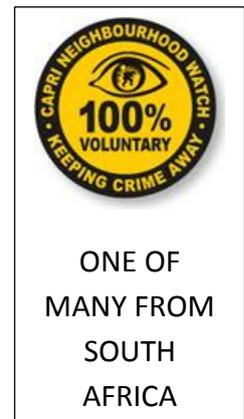

Hopefully most people in the UK are familiar with the Neighbourhood Watch logo.

Neighbourhood Watch organisations exist though out the world. Many people know that the idea started in the USA and migrated to the UK. They may not realise that many other countries have also taken up the idea.

Below are some examples, with their own versions of the Neighbourhood watch logo.

However, this does not detract from the fact that the Neighbourhood Watch concept has support throughout the world and is an effective means of combating burglary, theft and vandalism.

Joining Neighbourhood Watch is more than a sticker or a sign. It's about creating a community where its members can feel safe and to reduce the fear of crime in the area through better home security measures. It's also about the reporting of crime and suspicious behaviour and good old-fashioned community spirit.
